

## Task 2 Report:

- Name / Email ID: Omkar Dhobe / [omkardhobe15@gmail.com](mailto:omkardhobe15@gmail.com)
- Task Title: OTT Platform Clone using HTML, CSS and JS.
- Task Description: The task was to create an OTT Platform Clone that is responsive using HTML, JS and CSS.
- Steps Taken: Used Visual Studio Code, made the To Do List App responsive, stuck to the basic structure expected, used HTML, JS and CSS and tried to make it creative and visually pleasing.
- Challenges Faced: Did not get much time for this due to personal reasons.
- Solutions Implemented: -
- Learnings: This task has been a learning and revision course for me.
- Project Update: Project completed on 02<sup>th</sup> February, 2024.
